

REMARKS

Applicant thanks the Examiner for allowing the above application and for making several corrections to the claims in an examiner's amendment. The above amendments include the amendments made by the Examiner via Examiner's Amendment. Upon review of the application, Applicant discovered several other minor errors in the claims which are corrected in this amendment. For example, in claims 9 and 27, Applicant discovered that a space was missing before the term "and" in several instances, i.e. "n=4and m=1" is now changed to "m=4 and n=1".

Applicant also discovered that in two instances, one in claim 9 and one in 27 in claim, an equation term inadvertently changed from the original claims. Specifically, in each of claims 9 and 27, the claim feature reference "order 51" appears to have been inadvertently changed from the original presentation of "n=6 and m=3" to "n=6 and m=4". Applicant has corrected this change.

No matter has been added.

Should the Examiner believe that a telephone conference with the undersigned would assist in resolving any issues pertaining to the allowability of the above-identified application, please contact the undersigned at the telephone number listed below. Please grant any required extensions of time and charge any fees due in connection with this request to deposit account no. 502117.

Respectfully submitted,

Dated: May 11, 2009
